

Evotech continues its sponsorship of community football

We are sponsoring Woolton Dynamos Under 12s for a third year. The team have enjoyed much success competing in the Liverpool Premier League and the Merseyside & Halewood League this season and we want to continue to support the team in its next stage of development.

Evotech's sponsorship will provide for both home and away kits, training equipment and a new 11-a-side goal as in September the team will progress to play 11-a-side matches. This is a huge transition from playing 9-a-side, as both pitch and goal size are much bigger, with more distance to cover on the pitch. The team will train throughout the Summer to make the transition as easy as possible ready for the new season.

Managing Director, Mark O'Grady says, "We are delighted to continue to support football at a grass roots level with our sponsorship of the Woolton Dynamo's. We have watched the team develop and grow over the past three years and look forward to seeing them progress still further playing 11-a-side next season. I wish them every success.

Given the clear benefits of encouraging children to get involved in sport from a young age, being able to support the Woolton Dynamos, over the past few years has been hugely rewarding, with the opportunity to help improve outcomes for young people, build their confidence and support them on their path to a brighter future."

The team will play their last 9-a-side match on Sunday 15th May, having won all their games to reach the final of the Sunday League Cup. We wish them the very best of luck.
